Commissioner for Patents

Dear Sir:

This paper is submitted in response to the final office action dated January 27, 2005 ("Final Office Action") and the Advisory Action dated April 15, 2005, in which the Examiner rejected all pending claims 1-39 as anticipated (35 U.S.C. §102) or obvious (35 U.S.C. §103) over prior art. On May 25, 2005, the attorney for Applicants and the Examiner had a phone interview discussing the rejections. As a result of this discussion, the Examiner said he would allow an independent claim having the requirements of claims 1, 2, and 12 and another independent claim having the requirements of claims 1, 6, and 12. The Examiner said he would enter this after final amendment. Applicants have amended herein the method claims as discussed, and made similar amendments to the system and program claims to place this case in condition for allowance. Claims 12, 25, and 38 are canceled and additional amendments were made to make the claim language of dependent claims consistent with the amendments to the independent claims from which they depend. Applicants traverse the prior art rejections and submit that all pending claims 1-11, 13-24, 26-37, and 39 are patentable over the cited art and in condition for allowance for the reasons discussed herein.

**Amendments to the Claims** are reflected in the listing of claims which begins on page 2.

**Remarks/Arguments** begin on page 12.

**PROPOSED AMENDMENT TO CLAIMS**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

On May 27, 2005 Applicants submitted a supplemental amendment after final with a one month extension of time to amend the claims as proposed by the Examiner. The Examiner said he entered this supplemental amendment but would not allow the claims unless we additionally added the requirements of dependent claims 3, 16, and 29 to independent claims 1, 14, and 27. Applicants submit this requested amendment to the claims for the Examiner to enter. Applicants authorize the Examiner to charge Deposit Account No. 09-0466 to extend the period for response to the Final Office Action until June 27, 2005 (from one month to two months) to allow entry of the proposed amendments.

Amendments to the Claims are reflected in the listing of claims which begins on page 2.  
Remarks/Arguments begin on page 12.
